

**Redbank Valley School District
Transportation/Bus Contact Information**

During the school year, it may be necessary to contact the school or bus company contractors regarding student transportation to inquire regarding delays in pick-up or drop off times. During the school day, 8 a.m. to 4 p.m. your inquiries can be addressed through the school building office or district office at the number listed below. Outside the regular school day and after you have attempted to contact the school building and district office, it may be necessary to contact the contractors directly at the below phone numbers. The below list of phone bus contractor numbers will help you identify the bus contractor providing transportation to your student. You can identify the appropriate contractor by the bus number your student rides.

The bus contractors can typically contact the drivers directly to determine the pickup/drop off status of your student's bus when it has been delayed.
